Revised on 19<sup>th</sup> Oct 2021

## **Goals**

1. Create a system where the best representation (athlete) for Hong Kong goes and competes. Create a system that is transparent and unbiased.
2. Create a system where it motivates athletes to improve their skills and encourages them to qualify for the HK national team.
3. Create a system where athletes get adequate funding and resources for training and competition subsidies.

## **Procedure**

HKWSA would strive to select the best available athletes in respective divisions to represent the association and Hong Kong in overseas tournaments based on an open and fair process.

Selection procedures are listed as below with the final selection approved by the executive committee:

1. Qualify for HK National Squad training by performing well in local competition, and achieve top COMPETITION RANKING SCORE (Appendix A).
2. Perform well in squad training to receive TRAINING RANKING SCORE.
3. Select by coach based OVERALL PERFORMANCE RANKING, conduct and sportsmanship.  
$$\text{OVERALL PERFORMANCE RANKING SCORE (Max 4500)} =$$
$$\text{COMPETITION RANKING SCORE (Max 3600)} + \text{TRAINING RANKING SCORE (Max 900)}$$

### **1. National squad training qualification:**

- To qualify for HK national squad, athletes must be current HKWSA members in good standing and competed in Open or Outlaw categories in competitions organized by HKWSA.
- Athletes must hold valid Hong Kong ID card, and resides in Hong Kong for the past three years.
- Placement points will be awarded to each rider based on their final placement in respective category (See Appendix A)
- For each athlete, a COMPETITION RANKING SCORE will be calculated based on the sum of the top 4 placement scores from the last 6 local competitions. This system will ensure

fairness for athletes who missed a local competition due to overseas representation or injury, it also allows talented newcomers to achieve high ranking scores quicker.

- The latest COMPETITION RANKING SCORE is calculated by adding the composite points for the current year added by the previous year's composite points discounted by 20% and the points from two years ago discounted by 40%. If a rider is inactive for three consecutive years, all their points will be expired completely.
- HK COMPETITION RANKING LIST is generated for Men's Open, Men's Outlaw and Women's Open categories separately, based on the Competition ranking score by each athlete. (Cable wakeboarding will have its own Ranking lists separated from boat wakeboarding)
- For riders who competed in both Open and Outlaw over the past 3 years, competition ranking score will be award to each category separately, ranking points for each category cannot be mixed. An athlete can have ranking score for both Open and outlaw category, as well as a separate ranking score for cable wakeboarding if available)
- For Men's Open, Men's Outlaw and Women's Open category, a maximum of 10, 3, 5 athletes with highest COMPETITION RANKING SCORE respectively, will be considered to enter the national training squad. The list of candidates will be submitted to the executive committee for review and the national training squad for that period will be finalized and approved by the executive committee.
- Athletes who have been previously disqualified from the training squad will be excluded from the training squad selection. (See below National Squad Disqualification)
- In case where athletes in the top 10, 3, 5 spot have been disqualified from the training squad, the executive committee will review the circumstances and decided if the next rider in the Competition ranking list will fill the vacancy.
- The COMPETITION RANKING LIST shall be updated by secretary and checked by Team coach after each Hong Kong local competition.
- After the COMPETITION RANKING LIST is updated, athletes who did not make Top 10, 3, 5 respectively, will be disqualified from National squad training automatically.
- In case where rider finished in a joint position with a rider in a different heat, their ranking points they received will be the same for that competition.

- The ranking scores only account for local riders, placement for international riders will be ignored.
- Special Case consideration: If a rider demonstrates exceptionally high skill level in recent term but unfortunately did not make the top 10, 3, 5 respectively. The executive committee may in their discretion include the rider in the current National training squad, until the next competition. To be considered a special case admission, the rider must be performing at a level better the average level of the current training squad members. The decision must be approved by more than 90% of committee.
- For the 3 Vacancies in Men's Outlaw, it will be only complemented by the athlete(s) who won Champion(s) in one of the last 3 Local Competitions while they should promise to participate in the Men's Open in the next local competition. This decision must be approved by more than 50% of Committee.

- The coach will make the recommendation to the executive committee based on the above procedure, and the national squad for that event will be finalized and approved by the executive committee.
